• **Process Theology, a Basic Introduction** by C. Robert Mesle
  *Facilitator:* Rev. Bill Adams
  Cathedral Conference Room

  Have you ever wished for a theology that didn’t collide with science? Have you ever searched for a way of looking at God that made complete sense even in the middle of tragedy? What if you discovered a God who could be completely surprised by a decision that you made in your life, or a God who could be moved through a full range of emotions as God experiences each moment of your living? What if there was a spiritual school of thought based completely and thoroughly on the premise that God is love and nothing else? Bill Adams will lead the group through these questions and many others.

  The book will not be available in the Cathedral Bookstore as it is out of print. You can get the Kindle version on Amazon. Used copies can also be purchased online (note: These books can take up to 10 days to order). Don’t let that discourage you from taking the class, however. You can email Rev. Adams (revwjadams@gmail.com) and he will send you the reading for this week.
